Conquering COVID

COVID stopped much in our world, including fundraising, but amplified the cause we fight. The need is greater than ever for victim support, housing, and services.

At **Advocates For Freedom**, we believe in awareness, education, and collaboration. Here are a few of our accomplishments:

- *Rescued & helped over 300 victims*
- *Opened our Shield Home to house victims*
- *Developed school programs to protect kids*
- *Trained thousands of first responders*
- *Collaborating with organizations nationwide*
